

MIGHTY MOUSE 5

DISINFECTABLE FIVE-BUTTON MOUSE

Don't sacrifice convenience for safety and cleanliness anymore! Introducing Mighty Mouse 5, the five-button optical mouse designed with three extra buttons to simulate the function of a scroll-wheel mouse, but also with the gold-standard hygienic features people expect from all of Man & Machine's products. Mighty Mouse 5 is waterproof—it can be disinfected with alcohol, 10% bleach solutions or other cleaning fluids—without compromising the ease of the scroll functions. If you're a dedicated scroll-mouse user who is concerned about infection control and hardware durability, try Man & Machine's Mighty Mouse 5—all hygiene; no hassle.

FEATURES

- Superior infection control features
- Suitable for moist and dusty environments
- Waterproof for easy cleaning
- Built to last—Limited lifetime warranty
- Three extra buttons for effortless scroll up, scroll down and scroll lock
- Silk-Touch Coating
